

An aerial photograph of a city skyline at sunset. The sky is filled with a large, dark, horizontal cloud formation that stretches across the top. Below it, the sun is setting, creating a warm orange and yellow glow. The city skyline is visible in the distance, with several tall buildings silhouetted against the sky. The foreground shows a dense urban area with many smaller buildings and a highway with traffic. The overall mood is contemplative and atmospheric.

Healing & The Environment

People walking. people running. people coughing.

Waking up one day

realizing it is no longer so sunny

People walking up and down not knowing the harm

traveled long distance to find themselves in harm

broke , broke, broke.

The healing never comes

Soon they find selves stuck in a cycle

not know what's wrong

Soon they find their family

falling, falling falling, falling

They never had a chance
